EDUCATION

Vellore Institute of Technology

MCA- Master of Computer Application

CGPA - 7.15

Vellore, Tamil Nadu

June 2022 - May 2024

Vellore Institute of Technology

Bachelor of Computer Application

CGPA - 8.00

Vellore, Tamil Nadu

July 2019 - May 2022

TECHNICAL SKILLS

Programming Languages: Python

Framework: Django

Script Languages: Java Script

Markup Languages: HTML, CSS

Query Language: MYSQL, SQL

Testing: Automation testing Selenium

PROJECTS

Intelligent Traffic Management System

July 2023 - May 2024

- Developed and implemented deep learning algorithms for helmet prediction, Traffic signal violation, Number plate identification and Cell phone using tracking.
- Implemented object detection models such as YOLO (You Only Look Once) to identify and track vehicles, pedestrians, and other objects on the road.
- Detail your contributions to the development of a deep learning model for helmet detection using computer vision techniques. Mention any specific algorithms or approaches employed, such as object detection or image segmentation.
- Describe your involvement in implementing a deep learning solution to detect traffic signal violations. Emphasize your role in data pre-processing, model training, and evaluation to ensure accurate detection.

Health Care Management System

July 2021 - Feb 2022

- Collaborated with a team of 3 members of capstone project developed using PHP, MYSQL, HTML, CSS JAVASCRIPT .
- We create a Doctor login , Patient login and Doctor Information like when the doctor will free. and we create a Doctor database.
- Mention the technologies and tools you used to develop the system. This could include programming languages, frameworks, databases, and any other relevant software.
- Highlight any documentation you created, such as user manuals or technical documentation, to facilitate system understanding and maintenance..

INTERESTS

- Technical-Cloud DevOps -Full stack web Development - UI/UX
- Non Technical-Communication skills, Leadership skills, Team-Work skills.

ACOMPLISHMENT

- Effective Time Management
- Working under pressure situations
- Actively participated in workshops, seminars, or online courses to enhance skills and knowledge in relevant areas
